WHY GLIDE?

We are in the domain of insurance, here to make a change in the way insurance is bought by our clients.

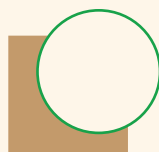

Our mission is to keep it simple, adequate and effortless.

**THIS IS HOW
WE DO IT**

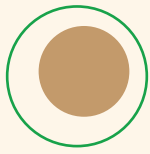

GUIDANCE

Our expertise comes from a team consisting of specialists with more than three decades of experience in General and Life insurance. They will ensure that you get a perfect blend of quality information in assessing your current and future needs along with a solution that meets your insurance requirements.

SELECTION

Our young, dynamic and energetic tech enabled team will put in their time and effort to make your experience more simple and effortless by ensuring they understand your profile, risk appetite, exposure, coverage and affordability

SERVICES

We provide services beyond procuring insurance and our intention is to support the client's interest. Some of the value added services that we provide are:

- Risk management and loss control services which include inspections and recommendations.
- Assist clients with the implementation and monitoring of loss control programs.
- Provide clients with regular reports on the frequency, severity, cause and locations of losses at periodic intervals.
- Assessing the future financial requirements of a life Insurance client and suggesting the necessary solutions.
- Periodically informing the client about fund performance in Unit Linked policies and advising about switching or repositioning of the funds.
- **CLAIMS**
End to end Claim solutions which include technical and procedural advice, quantification and preparation, securing interim payments and working closely with all stakeholders.
- **ENDORSEMENTS**
Assist the client with various policy endorsements.
- **RENEWALS**
Ensuring timely renewals.
